

Mi Air Purifier 2C Guide

Q) Not a smart air purifier, absolutely false description on the listing. | Doesn't work with the mi home app, has no readouts at all, just a green, orange or red light.

A) Dear Customer, The product is not a smart product and the same has been mentioned in the product description as well. In case you want to go for a smart Mi Air Purifier, we have Mi Air Purifier 3 for the same which supports internet and app connectivity

Q) Sensor is not working properly, Not giving any indication through light, it's always green only

A) The sensor will display the below colors according to the air quality:

Q) In case I still face problems while using the Air Purifier what should I do?

A) In case you still have any concerns while using our purifier, feel free to reach out to us at 1800 103 6286.
